Partner with VOADV's
Moving Forward housing
program to provide
tenant resources

Safe Return Legal Navigator (SRLN) provides the community with access to appropriate legal resources and simplifies complex legal processes. The program ensures that participants are empowered to make informed decisions about their legal options by providing one-on-one consultations, legal assistance referrals, and procedural guidance for court matters. SRLN will also work closely with its sister program, IMPACT, in order to provide a full continuum of care for participants.
